To aid readability, the third-person plural pronoun will be used instead of gendered pronouns (e.g. they/them instead of he/him). These plural pronouns shall be used for both singular and plural references, encompassing all genders.

1 Introduction

Fabasoft uses sub-processors for the provision of OneGov GEVER (previous Generation), including data center operation.

Sub-contractual relationships within the meaning of this provision shall be understood to be those services which relate directly to the provision of the main service. This does not include ancillary services which Fabasoft uses, for example, as telecommunications services, postal/transport services or the disposal of data carriers, as well as other measures to ensure the confidentiality, availability, integrity and resilience of the hardware and software of data processing systems. However, Fabasoft shall be obligated to enter into appropriate and legally compliant contractual agreements as well as control measures to ensure data protection and data security of the Customer's data even in the case of outsourced ancillary services.

2 Sub-processors

2.1 Data Backup

Data backup is carried out via the Google Cloud by the following subcontractor:

Google Ireland Ltd.

Google Building Gordon House, 4 Barrow St, Grand Canal Dock, Dublin 4,
D04 V4X7, Ireland

2.2 Data Centre

The Data Centre provides Fabasoft with the necessary rack space, power and cooling. In addition, they establish the connection between the Data Centre and provides internet routing. For this purpose, Fabasoft has commissioned the following subcontractor:

Akenes, SA

Boulevard de Grancy 19A, 1006 Lausanne
