Fabasoft reaches milestone in award procedure held in the state of Bavaria

Ad hoc announcement transmitted by DGAP.

The issuer is solely responsible for the content of this announcement.

During the award procedure for the 'Procurement and Implementation of a Document Management and Workflow Processing System for the Bavarian State Administration,' held in Bavaria and represented by the Bavarian Interior Ministry of State, the Fabasoft bidding consortium has received advance notice that, according to the current status of the award procedure, it is intended to accept their offer for the tendered job.

The contract may only be issued after a period of 14 calendar days, during which objections and appeals may be made.

The scope of the contract will include 970 licences for a standard Document and Process Management product and project-related services, as well as a number of interesting optional extensions, including a state licence for Bavaria.
