- To this end, the Customer may request relevant information from Fabasoft or may, after timely prior announcement, verify compliance in person during normal business hours and without disrupting the course of business.
- 7.2.** Fabasoft undertakes to provide all information necessary for such monitoring within a reasonable period, at the written request of the Customer.
- 7.3.** All significant decisions with regard to data security that concern the organization of the data processing and the procedures applied must be agreed with the Customer in advance.
- 7.4.** Fabasoft is obliged to notify the Customer without delay of any breach of statutory data protection regulations or of contractual agreements in text form and in such a way that

enables the Customer to meet its legal obligations. The same applies to failures and any suspected data protection breaches or irregularities during the processing of personal data.

8. Case of data breach
